## CROESO / WELCOME

---

TOUCHED BY LEGEND ON EXQUISITE GOWER, The King Arthur Hotel is a delightful, traditional country inn. With its log fires and cosy restaurant, it has a relaxed and friendly old pub atmosphere.

We are renowned for our traditional ales and delicious home-cooked food, suited to all tastes. Choose from dishes on the main menu or 'specials' board, including seasonal game and locally caught fish, all served in the restaurant, family room and main bar.

We offer nineteen comfortable, tastefully furnished bedrooms with TV, telephone and tea/coffee making facilities. Five are twin rooms, thirteen doubles and one single all with bath and shower en-suite. We also have a one bedroom 18th century self-catering cottage which can sleep up to four people, available for long or short stays.

The banqueting hall, Avalon, is a unique setting for weddings, conferences and parties. Its unseasoned oak frame and slate-bordered floor complement the long bar and minstrel gallery. Catering for up to 200 people it is surrounded by beautifully landscaped gardens, with a lily pond, waterfall and views over the Gower countryside.

Walk on the hills where wild ponies roam. Fish or golf or even hang-glide from nearby cliffs – we are the central point for a wide range of activities or perfect for just relaxing. Nestling under Cefn Bryn, Gower's highest point, this peaceful haven is only two or three hours yet a million miles away from many major cities.

“EXACTLY WHAT A COUNTRY PUB  
SHOULD BE — COMFORTABLE, WELL-RUN  
AND DIFFICULT TO LEAVE.”
