QUALITY EXPERIENCE

All the accommodation featured here and on visitswanseabay.com has been independently assessed by either Visit Wales or the AA and each rated according to their quality and facilities.

Occasionally it is not possible to assess a property prior to publication and in these cases the property is marked as 'Awaiting Grading'. All gradings and awards were correct at time of publication. For further information on grading visit wales.gov.uk/tourism.

PLAY SAFE

We want you to enjoy your time in Swansea Bay, so make sure that you have the proper equipment before you begin any activity and check the tide tables prior to any coastal activity. The tide can turn very quickly with strong coastal currents. If available, always follow warning flags and notices. Please do not attempt any activity without instruction if you are inexperienced.

Our attraction and activity operators take play very seriously and as appropriate are recognised by accrediting organisations - visit their page on visitswanseabay.com for more details.

Please mention visitswanseabay.com when you make your booking.

Standard disclaimers apply and are available **online**.
