

St David's Day

1. Tear 'cups' from an egg carton - leaving the edges rough.
2. Paint the egg cups yellow and the middle part of the flower orange.
3. Cut out the petal template, or draw and cut out your own.
4. Glue the painted egg cups to the middle of your petals.
5. Glue a green straw or rolled up piece of green paper to the daffodil to make the stem.
